## OUR ROOTS Set PF200 MEDIUM

LW22JD

SERIES

CRYOGENIC FIVE STRING BANJO STRINGS

STAINLESS STEEL . LOOP END

AMERICAN

Our own roots go back decades as one of the premier string manufacturers with an abundance of knowledge in string design that incorporates innovation into materials selection and string construction, while utilizing preferred gauging based on many years of input from our GHS Artist Family. Add in cryogenic treatment to extend the life and enhance the tone for a series of strings that will have acoustic guitarists, bluegrass players, country, roots-rock blues, R&B and performers enthusiastically embracing the GHS Americana Series of strings.
