

# HIGH BREAK POINTS. NOT HIGH PRICES.

Confused by high priced "innovation" strings that some companies seem to create every time you turn around? So are we. They claim to make their strings stronger with every innovation. Why weren't they stronger in the first place?

GHS Strings have always stood strong, every performance, without the premium pricing. That strength, as always, is available in every set of GHS Strings. So choose GHS and you'll save money while the only breaks you'll think about are the ones you take when you leave the stage.

## PLAY WITH THE BEST™

BOOMER TOUGH.
